Report of the Board of Education.

In making out the report of the schools for the past year, it is indeed gratifying to find that they have maintained a high standard of excellence. This is owing to the fact that we have been very fortunate in securing good teachers, and under their guidance the scholars have made unusually fine progress.

The amount of money raised was sufficient to keep the schools thirty-four weeks each. The spring term at the North school was taught by Mrs. Nellie M. Milbury, of this town. The fall and winter terms were taught by Miss Rachel Sargent, of Exeter.

At the West school a part of the spring term was in charge of Miss Alice B. Kimball, of Sandown. After four weeks she resigned and Miss Laura Welch, of Newton, was engaged to fill the vacancy. The East school was taught throughout the year by Miss Elizabeth Sawyer, of this town.

During the past year repairs have been made at all the school houses. The North school house has been painted on the inside, doors repaired and one-half of the roof shingled.

At the West a new floor has been laid and a new door hung. At the East the floor and seats were repaired. There will be much need of further repairs the coming year. We have also tried to make the expense of school supplies and books as small as possible, but still the amount looks large. We have quite a few books and supplies on hand for the coming year.

STEPHEN BROWN, for the Board.
